<b>Higher Secondary of Education</b> , Ursuline convent girls high school muri (JAC) with <b>77.6%</b>	2014 Muri, Ranchi

## Projects

---

### ➤ School Management System

This school management system project in PHP focuses mainly on dealing with students and teachers regarding their pieces of information, attendance, course and other information. Also the system displays all the available data such as total students, staff, teachers, attendance, payment etc. The project is divided into two categories: Admin and student. To Develop this project I use html and CSS as frontend and for validation I use JavaScript.
